No. 1

TWENTY-SIX NEW MEMBERS ADDED TO S. I. N. U. TEACHING FORCE

LARGE PER CENT HAVE DOCTOR'S DEGREE OR HAVE WORK-COMPLETED EXCEPT DOCTORAL THESIS

Ph. D.

Thelma L. Kellogg, A. B., A. M., University of Maine; A. M., Ph. D., Harvard (Radcliffe); Summer School Oxford University.

Wellington A. Thalman, A. B., Ellsworth College; M. A., Cornell University; Ph. D., Cornell University.

Richard L. Beyer, A. B., Allegheny College; M. A., Ph. D., State University of Iowa.

O. B. Young, A. B., Wabash College; A. M., Ph. D., University of Illinois.

All Work for Ph. D. Completed Except Thesis

W. Elizabeth Burk, A. B., DePaul University; A. M., Chicago University; Ph. D. work Chicago University.

Edith Smith Krape, A. B., A. M., State University of Iowa; Ph. D. work State University of Iowa.

J. R. Purdy, B. S., M. A., Kenyon College; Ph. D. work, University of Illinois.

Fleming W. Cox, A. B., M. A., University of Illinois; Ph. D. work, Clark University.

One to Two Years Above the Master's Degree

Ether M. Power, A. B., Colby College; A. M., Columbia University; 2 years, Oxford University; B. A., Kenyon.

Willard Gersbacher, Ph. D., Southern Illinois State Normal University; M. A., University of Illinois.

Martha Scott, A. B., Park College; M. S., Chicago University.

A. M.

Madeline Smith, A. B., A. M., Northwestern University.

Russell M. Nolan, A. B., A. M., Missouri University.

Charles J. Parson, A. B., Hiram College; B. D., Union Theological Seminary, New York City; A. M., University of Chicago.

(Continued on Page Eight.)

Large Enrollment Second Summer Term

The second Summer term is a comparatively new unit for this school. In spite of this fact, rapid progress has been made so far as enrollment and advanced standing of the teachers are concerned. Normal Illinois is the only State Teachers' College that has a larger summer enrollment than the Southern Illinois State Normal.

The peak of the enrollment for this term was reached two years ago when the enrollment totaled 580. The number attending the past term was a little smaller owing to the fact that the standards have been raised. This is something to be proud of, especially for those who do attend. A larger faculty and richer courses will have a tendency to call the progressive teacher back next year.

Principal of Junior High School Marries

The marriage of Mr. Della O. Hall to Miss Reva A. Hunter was solemnized Sunday, September 1. The wedding took place at 2 o'clock in the afternoon at the Baptist Church of Marion.

The bride took her Bachelor's Degree from this school in 1927. During her school work here, she was very prominent in the Zetetic Society and the Art Appreciation Club. She has been supervisor of art and penmanship in the Marion city schools. For the past two years she has taught in the Waltonville high school.

The bridegroom graduated from this school in 1924. He was very important in club and society circles of the campus. While in school, he was twice president of the Zetetic Society, member of Y. M. C. A. and Sigma Alpha Pi, and participated in the first For-Agor-III debate. He has taught four years in this college, three of them as principal of the junior high school, in which position he will continue. For the past year he has been working on his master's degree at the University of Chicago.

Mrs. Hall is from Marion and Mr. Hall from Veria, Illinois. They will live at the Geneva Apartments this year.

Basketball Captain Endures Operation

The worth of Capt. Virgil "Cuss" Wilson, a basketball star of the first magnitude, was most forcefully brought to our minds last season when he was forced to miss several games owing to an attack of appendicitis. This attack, however, wore off, and he was not bothered again until this summer when he was forced to quit work. The doctor said that, although an operation was not absolutely necessary, it was advisable. So accordingly, on July 9, "Cuss" was operated on. All went well and in ten days he left the hospital. Now he declares that he is in perfect condition and ready to lead the Southern Illinois Normal University basketball team to another successful season.

ADDITIONS MADE TO RURAL PRACTICE DEPT.

To accommodate the increasing number of students who wish to take rural practice, the Normal has taken over supervision of two more schools, Buckles and Pleasant Hill. Along with these schools were added three new critics, Ruth Husband, Troy Starns, and Emerson Hall. This year the Rural Practice Schools opened as usual on September 2, but the critic taught instead of having the practice teachers teach as heretofore.

PURCHASE, READ AND PRESERVE THIS EGYPTIAN

File this copy of the Egyptian away for future reference. It will save you many embarrassing moments, for it contains such useful information as the requirements for graduation, a brief but complete account of every club or society on the campus, rooming house rules, the system of grading, rules for registration, etc. In brief, this is a means of getting acquainted with your school in a few minutes.

Many times you will ask some teacher for the very same information that you will find in this issue, if you do not keep it. Why not give the Egyptian five cents for this knowledge and avoid being embarrassed by not knowing these simple facts?

Dr. Larson Honored By Appointment

Doctor Henrietta Larson, formerly of our history department, has recently been honored by an appointment to the faculty of Harvard University, with the title of Associate in Research. Miss Larson left the Southern Illinois Teachers College a year ago to fill a research position in the Harvard School of Business Administration, a position which she will continue to fill, under her new title.

It is very unusual for a woman to receive a faculty appointment to Harvard University proper, a position which should not be confused with faculty positions in the separate schools of Harvard. The Schools of Medicine and Education, for instance, employ women faculty members.

It may also be of interest to know that Miss Larson's doctoral thesis has received complimentary comments at the hands of most important American and European historians.

SCHOOL CALENDAR FOR YEAR 1929-30

Fall Quarter, 1929, opens Monday, September 9.
Fall Quarter, 1929, closes Friday, November 29.
Winter Quarter, 1929-30, opens Monday, December 2.
(Christmas vacation, December 21 to January 5.)
Winter Quarter, 1929-30, closes Friday, March 7.
Spring Quarter, 1930, opens Monday, March 17.
Mid-spring Term, 1930, opens Monday, April 28.
Spring Quarter and Mid-spring Term, 1930, close Friday, June 6.
First Summer Session, 1930, opens Monday, June 9.
First Summer Session, 1930, closes Friday, July 18.
Second Summer Session, 1930, opens Monday, July 21.
Second Summer Session, 1930, closes Friday, August 29.

CHEMISTRY AND MANUAL ARTS BUILDING TO BE SPLENDIDLY FURNISHED

Report Appointments Committee

The report of the Appointments Committee, of which Dean Wham is Chairman-Secretary, shows that the members of the two graduating classes of the present year have secured places far beyond expectations at the beginning of the season.

Perhaps in no previous year, excepting possibly a year or two in wartime when teachers were scarce, has so large a percentage been placed. This is remarkable when the year's over-supply of teachers is taken into account. It assuredly speaks well for the reputation of our graduates for teaching efficiency, and exceedingly well for the untiring and skillful work of the committee.

The following report, which will be improved by late placements, is worthy of careful study in comparison with other years and other schools:

Senior College	
Number graduating	86
Number not known to be placed	6
Number known to be placed in teaching positions	74
Number placed in positions other than teaching	3
Number to be in school	3
Total	86
Junior College	
Number graduating	300
Number not known to be placed	47
Number known to be placed in teaching positions	220
Number placed in positions other than teaching	12
Number to be in school	21
Total	300

H. S. Letters Removed By September 16

At a meeting of the Student Council last spring it was decreed that no student of any classification in this school would be permitted to wear a high school honor letter while attending this school. This does not bar anyone from wearing a sweater which represents his high school. Regardless of the honors which the letters represent they must all alike be removed by Monday, September 16.

EGYPTIAN ADVISOR HAS LEAVE OF ABSENCE

Owing to ill health Mrs. Holt will not be able to resume her work this fall. During the mid-spring term of last year she was elected as one of the advisors for the Egyptian. The Egyptian staff regrets very much that she cannot be back with us this year. After spending several days in the Holden Hospital here, she went to Columbus, Ohio, where she is still receiving medical attention. She has a leave of absence.

HOODS AND TABLES FOR SECOND FLOOR COST \$21,000. No BETTER EQUIPPED COLLEGES IN STATE

The new Chemistry and Manual Arts Building will be ready for use by the last of October. This structure will add much to the beauty of the campus, and its modern and well equipped halls, laboratories and recitation rooms will add much to the efficiency of this institution. There may be larger laboratories in the State, but there will be no better equipped ones, for each of these laboratories is furnished with the best that can be obtained.

The second floor of the building is the most important one. The two large laboratories on the west side are to be used for beginning Freshman Chemistry. The high school practice classes will use these two laboratories also. The laboratory at the extreme east is to be used for Advanced Freshman work and for Qualitative Analysis. There will be a laboratory on the south side for Quantitative Analysis and Physical Chemistry. A separate laboratory on the north side is to be used for Organic Chemistry. In addition to all these perfectly equipped rooms there will be a laboratory for the instructor's own use. The general office is to be on the south side. Near this is the stock room.

The most attractive features of the whole structure are to be the hoods and tables which cost \$21,000. There are no better equipped tables in any college or university in the State of Illinois. Each table will be furnished with both direct and alternating currents of electricity, illuminating and heating gas, boiling and cold water, compressed air, and live steam. Each of the laboratories is to have a supply of distilled water. The hoods may be raised or lowered. Every student is to have a desk of his own which will be newly and completely stocked. There will be no need of two students.

(Continued on Page Five)

School Opens a Week Earlier This Year

The opening of school a week earlier is just another step that the Southern Illinois State Normal has taken to conform with the other Teachers' Colleges of Illinois. Heretofore this school has been running on a schedule of its own, by which teachers could teach seven months of the year and then enter school here at the opening of the Spring Term. The passing of Senate Bill No. 113, by the last General Assembly, has made it impossible for this group of teachers to enter in the Spring Term as before. Now those who teach eight months can enter the Mid-Spring Term. With these facts in view school has opened September 9 instead of September 16.

Our Band Leads State Teachers' Colleges

When going as far as not tucked away in an obscure or suggestive place, a small troupe of important-looking men in uniform of solid blue trimmed with white, wearing caps bordered with gold braid, marching with military precision and playing spiritedly, "Marching Through Georgia," or "Yankee Doodle." Such is the image we retain from the Big Brass Band that used to supply the music for Fourth of July celebrations. How that huge bass drum resounded! It was an unusual lot of ten or eleven who did not have to summon all his will power to keep from "joining in" and singing when the tuba rang out. "Hurrah! hurrah!" will sing a public. "Hurrah! hurrah!" the flag that makes us free!

Those numbers were stirring, powerful. But not more so than those of the S. I. N. U. Band when in the past has spurred our cheer on to victory, and in the future will doubt-

less do so again.

The S. I. N. U. Band was organized in 1915. From that time it has steadily grown in number of pieces and in skill until at the present time it easily ranks first among the teachers college bands of the state.

There is a definite goal toward which Mr. McIntosh is working with the S. I. N. U. Band. Hereafter it has been for the most part a football band, but Mr. McIntosh is looking forward to making it a concert organization as well.

Also a second band, or a beginners' band is to be organized. This will act as a feeder for the first group. Members of the band are leaving continually as they complete their work with the school here, and so places are made vacant. It is not always easy to replace those who have been graduated. The second band will make replacement easier.

There will probably be thirty-five pieces in the band this year.

Mr. Margraves, formerly a student here, who is now in Chicago working toward his master's degree, will be past has spurred our cheer on to victory, and in the future will doubt-

New Officers for School Activities

Some of these officers are elected for six weeks while the others are elected for the whole year:

Football Captains

Tom Newton,
Dated Lutz.

Basketball Captain

Vern Wilson.

Obelisk

Editor-in-Chief, Roy Winchester.
Business Manager, Harvey Phillips.
Associate Editor, Thelma Rushing.
Associate Editor, Dick Cline.
Assistant Business Manager, Thomas Rattamel.

Zetetic Society

President, Ellis Hanna.
Vice President, Leo Brown.
Rec. Secretary, Julia Timko.
Cor. Secretary, Mary Colombo.

Socratic Society

President, Orville Alexander.
Vice President, Raymond Akon.
Rec. Secretary, Blanche Moye.
Cor. Secretary, Opal Kern.

Y. M. C. A.

President, Bill Myers.
Vice President, Harvey Phillips.
Secretary, Thomas Roberts.

Y. W. C. A. Cabinet

President, Opal Kern.
Vice President, Jeanette Dean.
Secretary, Carol Hughes.
Treasurer, Eliza McIntosh.
Sund. Chairman, Ione Rayburn.
Finance, Margaret Armstrong.
Program Chairman, Blanche Moye.
Worship, Julia Maslov.
Publicity, Evelyn Eisfeldner.
Membership, Edna Spiller.
Dramatic Chairman, Helen Crisp.
Y. W. C. A. Advisory Board
Ray Van Trump,
Edward Baker,
James Edmonds,
Lyle Wood.

N Club

President, Opal Wilson.
Vice President, Frank Scott.
Secretary, Tom Newton.
Society Secretary, James Johnston.

Sorority

Delta Sigma Epsilon
President, Julia Maslov.
Vice President, Gertrude Kraft.
Treasurer, Evelyn Eisfeldner.
Secretary, Edna Palmer.
Society Secretary, Jeanette Evans.

Fraternity

Sigma Alpha Pi
President, Roy Winchester.
Treasurer, Roy Winchester.

Rural Life Club

President, Kenneth D. Sawyer.
Vice President, Mabel Whiskey.
Secretary, John Moss.
Treasurer, Florence Orr.
Treasurer, Ray Weinmeyer.

Women's Athletic Association

President, Margaret Armstrong.
Vice President, Margaret Kresner.
Treasurer, Hanna Rothshaw.
Secretary, Mary Colombo.

Forum Debating Club

President, Guy Lambert.
Vice President, Ellis Hanna.
Secretary, Meredith Parker.

Science Club

President, Dr. Delia Caldwell.
Secretary, Miss Charlotte Zimmer.

Dunbar Society

President, Lillian Thomas.
Secretary, Mary Langford.

Y. W. C. A.

For some years it has been the hope of the Y. W. C. A. to interest the student girls in an organization that has for its underlying principles the betterment of campus life and training the student girls in a pure, unselfish concept of life. The strongest stone in its foundation is the Christian life of the students.

During the past year programs and good times have been provided in the interest of the school. The organization had to make good. At last, a dream of a long, long time is about to be realized. With the completion of the new building three new rooms are to be provided for the Christian Associations, one to be used exclusively by the Y. M. C. A., one by the Y. W. C. A., and one by the two Associations meeting jointly. A rest room and a reading room furnished with tables, magazines, reading chairs, magazines, books, etc., will be open to everyone. It is hoped that these halls may prove the social center of the campus.

The program for the year will be group discussion, meetings on broad topics such as ethics, personality, association, etc.

The advisory board has worked recently with the new cabinet and has allowed each member to select one advisor to be always ready to talk over the particular problems of her duties. Besides these features, Mrs. McIntosh has consented to conduct a school of instruction on certain topics for the benefit of those girls who cannot conveniently attend the regular meetings.

The regular meetings are held on Tuesday evening at 7:30 in the Association Hall.

HONOR LETTERS

For several years it has been the custom of the Southern Illinois Normal University to award honor letters. A student may earn a letter in either of two ways, by taking part in the student activities or by a scholastic average of 4's for the full year, winter term. For a person to receive an honor letter his recommendation must be accepted by a two-thirds vote of the faculty. Captain William McAndrew is chairman of the Honor Letter Committee.

These letters mean much to the student who has earned one, for it has done his bit for the school. He may have been an A student and passed on the scholastic standing of the school, or he may have been one of the leaders in student activities. However he earned it, we are proud of him.

Last year seventy-four students received honor letters.

Treasurer, Lavern Woods.

The following organizations have not elected their new officers yet: Strut and Fret, Hinae Debating Club, Newman Club, Agora Debating Club and the Agriculture Club.

Literary Societies Organized in 1874

Zetetic and Socratic Organizations Invite Students of College Standing

ZETETIC SOCIETY

The name "Zetetic" means "To seek" or "Lovers of knowledge." The motto of the organization is "Learn to Labor and to Wait." The purpose of this organization in general is to promote the growth and development of mind, readiness and fluency of speech, and a more perfect knowledge of parliamentary law. Any person is eligible to be enrolled as a member of this society if he is enrolled in this school and is of good moral standing in school circles. An initiation fee of one dollar is charged each member. The term goes are twenty-five cents for each member. The society meets every Friday night in its own hall in the Library Building.

The Zetetic Society is the oldest organization on the campus and was founded in 1874. The first spring entertainment consisted of the Zetetic Journal, recitations, tableaux, and original sketches. The spring entertainment marks the climax of the year's work. To become a member of the Zetetic Spring Play Cast is an ambition entertained by many members.

SOCRATIC SOCIETY

The Socratic Society, the friendly rival of the Zetetic Society, was first organized in 1874. The name, it is obvious, comes from the Greek philosopher, Socrates. A degree on the part of many students for a society would have social as well as educational purposes led to its formation. At first the membership was limited to men, but it was not long before women were admitted.

This society first assembled in the attic of the May Building. It has a hall of its own now on the second floor of the Library Building. It, like the Zetetic Society, is looking forward to its new hall in the Chemistry and Manual Arts Building.

Any chess student with good ratings in the school circles may become a member by paying an initiation fee of one dollar and a term fee of twenty-five cents. Regular meetings are held every evening during the school year.

Requirements for Degree of Bachelor Of Education

NOTICE CHANGE IN MAJOR AND
MINOR OF FOREIGN
LANGUAGES

REQUIREMENTS FOR GRADUATION FROM TWO-YEAR COURSE

DESIGNED ESPECIALLY TO TEACH IN ELEMENTARY SCHOOL

College Requirements: Each candidate must meet the general college requirements with respect to registration and residence, and must also secure credit in approved courses amounting to an aggregate of forty-eight term-credits, (the equivalent of one hundred and twenty semester hours, one hundred and forty-four forty-minute periods of Physical Training not counted). A term-credit represents twelve weeks of work, the period of a week, except in the case of laboratory courses which require the usual school and periods each week for laboratory work.

I. General Requirements: Each candidate must have secured grades not lower than C in subjects aggregating at least three-fourths of the work prescribed or elective, required for the degree. The system of grading is as follows: A, excellent; B, good; C, fair; D, poor; but passing; F, failure.

II. Prescribed Subjects: Education 2 or 3 terms, according to the preference of the student; Practice Teaching 3 terms; Health Education 1 term; Physical Education 144 forty-minute periods taken without credit.

III. General Requirements: Each candidate must offer the minimum work permitted in each of the following groups:

I. English: At least 2 terms in English and American Literature.

II. Foreign Language: College French, German, or Latin. At least 3 terms. If offered to the Senior year, 4 terms.

III. History and Political Science—History, Economics, Political Science, Sociology. At least 4 terms.

IV. Mathematics and Physical Science—Mathematics, Astronomy, Physics, Chemistry. At least 2 terms.

Note—Every candidate for the degree of B. Ed. shall offer a minimum total of 6 terms in Groups IV, and V, combined, with a minimum of 2 terms in each.

V. Biology and Earth Sciences—Botany, Bacteriology, Entomology, Geography, Geology, Physiology, Zoology. At least 2 terms. See note under IV.

VI. Education: At least 9 terms (including 3 terms of Practice).

(C). Major Subjects: Each candidate must select some one subject as his major. A major consists of courses amounting to nine terms chosen from among those designated by the Department and approved by the faculty.

To major in Latin a student must complete five years of college Latin if he has had no high school Latin; in four years of college Latin if he has had only two years of high school Latin; in three years of college Latin if he has had three years or more of high school Latin.

To major in French, German, or Spanish a student with no previous work in the language chosen must complete 4 years college work. If a student comes with two or more years of high school work in the language chosen, he must complete three years

of college work.

The subjects at present recognized as majors in this college are: Botany, Chemistry, English, French, Geography, and Geology, German, History, Latin, Mathematics, Physics, Zoology.

(D). Minor Subjects: Each candidate must offer, in addition to his major, a minor of at least six terms in one or more of subjects designated by the major department and approved by the faculty.

To minor in a foreign language, a student must meet the requirements of the major less one year of college work.

(E). Elective Subjects: Not more than nine terms in any one subject may be counted for graduation, except in special cases with the approval of the Examiners and the Committee on Graduation.

The Two-Year Course

The two-year course is designed specifically for those who are preparing to teach in the elementary school. A student securing twenty-four term-credits of freshman and sophomore work as outlined below will be graduated with a diploma, and may be recommended for a first-grade certificate.

A. Subjects Available in the Two-Year Course: Rhetoric 2 or 3 terms; Education 3 terms; Practice Teaching 3 terms; Geography 1 or 2 terms; History 1 or 2 terms; Literature 1 or 2 terms; Biology 1 or 2 terms; Chemistry or Physics 1 or 2 terms; Method Music 1 or 2 terms; Drawing 1 or 2 terms; Method Arithmetic 1 term; Method English (Primary or Advanced) 1 term; Method Geography and Method History 1 term; Penmanship and Manual Arts (Primary or Advanced) 1 term; Elective subjects from Agriculture, Household Arts and Physical Education 3 terms; Health Education 1 term; Physical Education 144 forty-minute periods without credit.

The student may take note of the opportunity afforded to get as much as two terms of a number of subjects. This is of particular importance to those who expect to continue their college work beyond the two-year course.

B. Subjects Prescribed for All—Rhetoric 2 or three terms; Education 3 terms; Practice Teaching 3 terms; United States History 1 term; Arithmetic 1 term; Geography 1 term; Literature 1 term; Biology 1 term; Health Education 1 term; Chemistry or Physics 1 term; Penmanship and Manual Arts 1 term of each with a half-credit in each; Physical Education 144 forty-minute periods (without credit).

he so selected as to afford the largest amount of definite preparation for the kind of teaching the graduate expects to do.

C. Provision for Differentiation:

I. Those fitting for primary work should include in their program the following subjects: Child Psychology; Primary Method English; Primary Elementary Construction; Method Music; Public School Drawing; Practice Teaching in the primary grades; and such other prescribed and elective work as is necessary to make up the 24 credits required for graduation.

II. Those fitting for intermediate and upper-grade teaching should, in the main, include the following subjects: School Management or Measurements; Upper-grade Method English; Upper-grade Manual Arts; Method History and Geography (one-half credit each); Method Music; Public School Drawing; Practice Teaching in the intermediate and grammar grades; and such other prescribed and elective work as may be necessary to make up the 24 credits.

III. Those preparing for rural

"N" Club for Athletic Activities

The "N" Club is an organization of long standing. It is made up of Southern Illinois Normal University athletes who have won N's in football, basketball or track. Its purpose is to put athletic activities at S. I. N. U. on the highest possible plane and to serve as a standard for other schools. It also is endeavoring to give the members of the teams more recognition for their efforts. With this in view, the members have secured the "free ticket" rule—that is, a player is given a complimentary ticket for the sport he participated in the previous season. All members who have won four letters in one sport are given gold emblems.

There is an initiation fee of one dollar, and dues are twenty-five cents a term. The club meets every second Wednesday at Chapel period.

AGRICULTURE CLUB

This club was organized in the fall of 1913 with six charter members. It was organized to increase interest in agriculture problems of Southern Illinois, to awaken a desire for knowledge of scientific agriculture, to provide training in public speaking and parliamentary usage.

Ordinarily among the social activities of the club are: the water-melon social during the Fall term, banquet during the Winter term, and a strawberry social during the Spring term. The Corn and Poultry show held during the Fall term in the old gymnasium is a big event of the year. The club meets regularly each Wednesday evening in the Zetetic Hall over the library. Anyone interested in this kind of work may become a member by paying the term dues of 25c.

RURAL LIFE CLUB

The Rural Life Club was organized late in the winter of 1929 with about forty charter members. It is fostered by the Rural Practice department of the Southern Illinois Normal University.

The purpose of the club is to give prospective teachers a better understanding of a teacher's problems, to give practice in debate, elocution, music, dramatic art, and parliamentary usages.

Any student of this school may become a member. Each member must take an active part on the program at least once each term.

The club meets in the Socratic Hall each Thursday evening at 7:15. Come to the meetings and join with one of the best organizations on the campus. A dull moment has not been seen in a meeting of the club.

school teaching should include the following: Rural Education; Rural Practice Teaching; Method English; Method History and Geography; Method Music; Public School Drawing; and some work in Agriculture, or Household Arts, or both.

IV. As a means of adapting the two-year course still further to the needs of teachers, the Examiner may, with the consent of the President, make substitutions. In this way, subjects excepting those in the prescribed group, may in special cases be set aside for additional work in subjects already taken, and for credits (not to exceed three in number) from the Departments of Agriculture, Household Arts, and Physical Education.

WELCOME TO S. I. N. U.

May we offer you our service and the experience of many years, which has given us the knowledge of what university men really wear, and the opportunity of catering to their EXACT needs.

It is always a problem to know what to bring to college the first year, especially in the way of apparel. What might have been a swell outfit in the old home town, might be all wet at school and no end of embarrassment.

By all means, wherever you buy your things, come in and say hello to us at the first opportunity. We want to make your acquaintance.

Frances Matthews

CLASS OF 1933

Today the various high schools of Southern Illinois are represented on our campus by a crowd of freshly graduated youngsters. These newcomers are indeed welcome, and the Egyptian hastens to add its greetings.

Mere presence does not entitle anyone—Freshman, Sophomore, Junior, or Senior—to a place in the life of the Southern Illinois State Normal University. You must accept your obligation, Freshmen, to enter into the study life and social life of this college. You must realize that this college demands genuine and honest scholarship. You must feel your responsibility as representatives of the institution. You must share the interests and responsibilities of your fellows. Then as you earnestly enter into college life, you will reap benefits in proportion. It is true that this school has a great obligation to you, but you may be sure that it will strive hard to fulfill its end of the unwritten agreement when you enroll as a part of the school. The many Alumni are proof enough for this.

Surely you are not asking yourself, "Is this Teachers' College good enough for me?" You should be asking yourself, "Am I good enough for this College?" The school is believing in you; so don't disappoint it.

It has been said that the first six weeks of the year are indicative of the progress that will be made during the remainder of the year. This seems to be quite true, because so many students do not take the earlier part of the year seriously enough, and when it is too late, find that they are woefully mired in the bog of very discouraging ignorance. If one wants to work up to a good cold perspiration next December during the finals for the term, the thing to do is to go about day dreaming during these early weeks.

ATTENTION!

Since this issue contains so many interesting facts for permanent use, and since the following issues are to contain notes of interest to alumni and former students, we believe the Egyptian this year will be of interest to a wider than local audience—alumni, ex-students, and friends of the school. You may want to file this copy for future use, as it has the requirements for graduation, the grading system, additions to the teaching staff, and a resume of the campus organizations. The succeeding numbers are to devote space to features of interest to alumni and former students. For that reason the present staff is taking the liberty of putting a good many copies into the mail before the staff organization and subscription lists are completed. It is hoped that this service will call forth a good many subscriptions from those who have heretofore overlooked the necessity of a word from the old campus. For convenience, we are printing a blank that will require only a pair of scissors, your name, and a check. Cut and sign now!

School Address for 1929-30

I promise to pay on or before October the 10th, 1929, for subscription to the Egyptian: Fall Term, 50c; Winter Term, 50c; Spring Term 50c; or Year 1929-30 for \$1.25.

(Underscore the TERM for which you wish to subscribe.)

These Rules and Regulations Must be Observed by Students

No variations are to be made from these rules. Every student—Freshman, Sophomore, Junior, or Senior, must be governed by them:

1. Registration—Only advisors are allowed to write studies on study cards. Study cards must be returned to the advisor not later than two days after the close of registration. After this date a new card will be required and a charge of \$1.00 made. A student wishing to change his program must proceed in the following manner.

Get the study card from the advisor; ask the teacher, whose class he is leaving, to write "excused" by his signature on the card; have advisor write in the new subject; have the new teacher sign the card; return the card to the advisor.

To carry only three subjects or to carry more than four subjects permission must be obtained from the president.

If dropped from a course by the teacher the student must notify the advisor immediately. Failure to do so constitutes a misdemeanor punishable by suspension.

A student who is in debt to the school at the end of any term shall not be permitted to register again nor receive an official statement of his credits until his indebtedness has been discharged.

2. Grades—The grades given at the end of each term are as follows: A excellent; B good; C fair; D poor but passing; E failing.

An uncompleted course is recorded under N. C. which indicates that, for reasons satisfactory to the teacher, such as illness or other unavoidable absence, the student was unable to continue and was making a passing grade at the time of leaving. Drp. indicates that the student was not allowed to continue in the course because of unsatisfactory work due to too many cuts, laziness or other cause for discipline. Fld. indicates that the student was unable to do the work of the course and was advised to discontinue it. This mark is used also when the student leaves school if his work is not of passing grade at the time of his leaving.

3. Failure—A student who fails to make a passing grade in two out of four subjects in a term of twelve weeks is placed upon probation for the next term for which he registers and, in case he fails to pass in two out of four subjects, in either of the next two terms for which he enters, he can register again only upon special order from the president. A student on probation may not, during the period of his probation, take part in any public contest or exhibition (athletic, musical, oratorical or literary or any other sort) or serve on the staff of any student publication or hold or become a candidate for any office on the campus.

4. Absences—A student is allowed four cuts in a class in a term of twelve weeks. He may be absent more than four times for illness and continue in the class as long as he can carry the work. Immediately upon return to class after absence for illness the student must take a statement, certifying this fact, and signed by his doctor, his parent or his householder, to the dean of women in the case of women, to the member of the faculty appointed for this work (not appointed at the time of printing these) in the case of men. If the absences for illness plus those for other reasons amount to more than four the teacher is at liberty to drop

Athletic Schedules For Coming Seasons

Football

Sept. 28—St. Viator at Kankakee.
Oct. 5—Lombard at Galesburg.
Oct. 12—Murray, Ky. Normal at Murray.

Oct. 19—Normal at Normal.
Oct. 25—Central Wesleyan at Carbondale.
Nov. 2—Cape Girardeau at Carbondale.

Nov. 8—Shurtleff at Carbondale.
Nov. 16—Charleston at Charleston.
Nov. 23—McKendree at Lebanon.

Basketball

Jan. 11—Charleston at Carbondale.

Jan. 31—Terre Haute Normal at Carbondale.

Feb. 1—McKendree at Carbondale.
Feb. 7—Normal at Carbondale.
Feb. 8—Shurtleff at Carbondale.
Feb. 15—Terre Haute Normal at Terre Haute.
Feb. 16—Charleston at Charleston.
Feb. 28—March 1—State Teachers' College Tournament at DeKalb.

The track schedule has not yet been completed but there will be meets with McKendree, Shurtleff, Cape Girardeau and Charleston. In addition to these there will be the State Teachers College meet and the state meet.

the student from the class.

Absence for reasons other than illness is not allowed immediately preceding nor immediately following a vacation. Examinations are announced a week before the time set for them and absences are not allowed on these dates for reasons other than illness.

Cuts should be saved for emergencies.

Only two credits are allowed in a half credit course.

5. Social Functions—No evening social function, lasting later than 10 o'clock may be held by any student organization on other than Friday or Saturday night except the evening preceding a school holiday or during vacations.

Parties given by sorority or fraternity or student organizations must close not later than 12 o'clock p. m. when held on a Friday or a Saturday night. This means that guests shall have left by the hour stated. All women students are expected to be in their homes within a half-hour after the close of any function.

Permission to hold evening functions planned by any organized student group must be granted by the social committee. Notice of these must be filed with the chairman of the social committee at least one week before the event. Names of chaperones must be filed at least three days before the date set.

Any organization failing to comply with the foregoing must postpone the function long enough to fulfill the requirement. Procedure with the function without complying will subject those students responsible to discipline.

The number of parties which require that students be out after the regular closing hour must be limited to two in any one term and to a total of four in a year.

The social committee is composed of the following members:

Miss Jones, Chairman; Miss Entsminger, Mr. McAndrew, Miss Etheridge, Miss Woody, Mr. Wham, Miss Williams, Mr. Scott.

6. Rooming House Regulations—Every student should have a copy of the rooming house regulations.

Debating Clubs on Campus for Students

This school has three debating clubs—the Illinae for the women, and the Forum and Agora for the men. These clubs meet every Monday night during the regular school year. Membership is limited to twenty-five and each member pays a fee of twenty-five cents a term. These clubs meet on the second floor of the Library Building. The purpose of these organizations is to enable the students to become better acquainted with public questions, to develop power of expression, and to give an opportunity for parliamentary practice and extemporaneous speaking.

Most of the questions which are debated are on subjects of national or international interest, although there are times when questions of local interest are chosen. The climax of the year's work comes with the Tri-Club Debate in the spring term. To serve on the Tri-Club debate is an honor sought by every member of each club, since it makes the debater eligible for membership in the For-Agora-Ill Club.

ILLINAE

The Illinae Debating Club was organized in 1916 under the name of the Arguement. Since it is the only debating club for girls and since its membership is limited, there is always a waiting list. Miss Jonah has been the faculty advisor for three years and is to be again this year.

FORUM

The Forum is the oldest of the three debating clubs. It was named in honor of the old Roman Forum. This is a very formal and august club, and usually has a waiting list for membership. Many of the outstanding men of Southern Illinois have been members of this organization.

AGORA

A group of men who were determined that the debating talent of S. I. N. U. should not live alone by the Forum, organized the Agora and soon the twenty-five members were secured. This club has won the Tri-Club Debate more years in succession than either of the other clubs.

NEWMAN CLUB

The Newman Club is one of the recent organizations on our campus, having been organized by the Catholic students of the Normal in January, 1928. The club gets its name from the well-known Cardinal Newman.

The Newman Club was founded for the benefit of the Catholic students affiliated with that church. The purpose of the club is to join the Catholic students together for their mutual helpfulness and united effort in promoting their religious, intellectual, moral, and social standards; to assist the college and its students whenever possible; and to aid in the work of the church.

Officers for the scholastic year 1929-30 have not been elected. This election will take place on Thursday, September 12. Father Mondt will be the club sponsor and a new faculty sponsor will be appointed at the first meeting.

All Catholic students and those who wish to affiliate with the club are kindly requested to be present at the first meeting of the fall term, beginning Sept. 9. The regular meetings are held on Thursdays in the Association Hall.

Come and make this another big year for the Newman Club.

CLASS OF 1933

Today the various high schools of Southern Illinois are represented on our campus by a crowd of freshly graduated youngsters. These newcomers are indeed welcome, and the Egyptian hastens to add its greetings.

Mere presence does not entitle anyone—Freshman, Sophomore, Junior, or Senior—to a place in the life of the Southern Illinois State Normal University. You must accept your obligation, Freshmen, to enter into the study life and social life of this college. You must realize that this college demands genuine and honest scholarship. You must feel your responsibility as representatives of the institution. You must share the interests and responsibilities of your fellows. Then as you earnestly enter into college life, you will reap benefits in proportion. It is true that this school has a great obligation to you, but you may be sure that it will strive hard to fulfill its end of the unwritten agreement when you enroll as a part of the school. The many Alumni are proof enough for this.

Surely you are not asking yourself, "Is this Teachers' College good enough for me?" You should be asking yourself, "Am I good enough for this College?" The school is believing in you; so don't disappoint it.

It has been said that the first six weeks of the year are indicative of the progress that will be made during the remainder of the year. This seems to be quite true, because so many students do not take the earlier part of the year seriously enough, and when it is too late, find that they are woefully mired in the bog of very discouraging ignorance. If one wants to work up to a good cold perspiration next December during the finals for the term, the thing to do is to go about day dreaming during these early weeks.

ATTENTION!

Since this issue contains so many interesting facts for permanent use, and since the following issues are to contain notes of interest to alumni and former students, we believe the Egyptian this year will be of interest to a wider than local audience—alumni, ex-students, and friends of the school. You may want to file this copy for future use, as it has the requirements for graduation, the grading system, additions to the teaching staff and a resume of the campus organizations. The succeeding numbers are to devote space to features of interest to alumni and former students. For that reason the present staff is taking the liberty of putting a good many copies into the mail before the staff organization and subscription lists are completed. It is hoped that this service will call forth a good many subscriptions from those who have heretofore overlooked the necessity of a word from the old campus. For convenience, we are printing a blank that will require only a pair of scissors, your name, and a check. Cut and sign now!

Debating Clubs on Campus for Students

This school has three debating clubs—the Illinae for the women, and the Forum and Agora for the men.

These clubs meet every Monday night during the regular school year. Membership is limited to twenty-five and each member pays a fee of twenty-five cents a term. These clubs meet on the second floor of the Library Building. The purpose of these organizations is to enable the students to become better acquainted with public questions, to develop power of expression, and to give an opportunity for parliamentary practice and extemporaneous speaking.

Most of the questions which are debated are on subjects of national or international interest, although there are times when questions of local interest are chosen. The climax of the year's work comes with the Tri-Club Debate in the spring term. To serve on the Tri-Club debate is an honor sought by every member of each club, since it makes the debater eligible for membership in the For-Agora-III Club.

ILLINAE

The Illinae Debating Club was organized in 1916 under the name of the Argunot. Since it is the only debating club for girls and since its membership is limited, there is always a waiting list. Miss Jonah has been the faculty advisor for three years and is to be again this year.

FORUM

The Forum is the oldest of the three debating clubs. It was named in honor of the old Roman Forum. This is a very formal and august club, and usually has a waiting list for membership. Many of the outstanding men of Southern Illinois have been members of this organization.

AGORA

A group of men who were determined that the debating talent of S. I. N. U. should not live alone by the Forum, organized the Agora and soon the twenty-five members were secured. This club has won the Tri-Club Debate more years in succession than either of the other clubs.

NEWMAN CLUB

The Newman Club is one of the recent organizations on our campus, having been organized by the Catholic students of the Normal in January, 1928. The club gets its name from the well-known Cardinal Newman.

The Newman Club was founded for the benefit of the Catholic students affiliated with that church. The purpose of the club is to join the Catholic students together for their mutual helpfulness and united effort in promoting their religious, intellectual, moral, and social standards; to assist the college and its students whenever possible; and to aid in the work of the church.

Officers for the scholastic year 1929-30 have not been elected. This election will take place on Thursday, September 12. Father Mondt will be the club sponsor and a new faculty sponsor will be appointed at the first meeting.

All Catholic students and those who wish to affiliate with the club are kindly requested to be present at the first meeting of the fall term, beginning Sept. 9. The regular meetings are held on Thursdays in the Association Hall.

Come and make this another big year for the Newman Club.

Strut and Fret Valuable Dramatic Club

Strut and Fret, the dramatic club, will hold its first meeting Thursday evening, September 19, in the Socratic Hall. Many of the old members are back in school and have planned an interesting program for this first night. The entertainment committee has arranged for impromptu stunts which will be in the nature of try-outs for future dramatic material.

This club is considered one of the most popular organizations on the campus, and had, last year, a membership of over a hundred students who did some excellent dramatic work on the college stage at different times throughout the year.

Its first activity as a club is the annual Homecoming Entertainment. Strut and Fret has entire charge of the Big-Friday-Night-Before. The performance, consisting of original vaudeville skits, song and dance acts, and other forms of dramatic art, represent the best talent on the campus.

The club meets every two weeks on Thursday evenings. The dues are twenty-five cents a year, and all who are interested in acting or in teaching dramatic art are invited to join. Practice in coaching plays is one of the attractive features of the club. "How to overcome stage-fright" is one of the themes to be worked out this year. Parts in plays are invented for those who want to get their shaking knees used to the footlights. They can stand (or lean) as dumb waiters for their first play, in preparation for the later role of the intriguing little French maid. The English butler serves his apprenticeship as a Victorian hitching post—and so on. In other words the dramatic club is a place for Robots to limber up.

Strut and Fret will move into its new home as soon as the Chemistry Building is finished. There on the north-east corner on the first floor, the members can strut and fret as much as they please, as long as they please, and as loud as they please.

Homecoming Dates Set for November 1-2

The Homecoming dates for this year have been set for Friday-Saturday, November 1-2. The usual features—Strut and Fret Play, Social Reunions and Luncheon, Stunt Parade, and Football Game.

The football game is with our old friendly enemy, Cape Girardeau, which is sufficient guarantee for the interest of that feature.

Unusual interest will attach to the Society Reunions for they will meet for the first time in their elegant new halls in the new Chemistry and Manual Arts Building. The Societies will put forth unusual efforts to make this feature the greatest it has ever been.

BEETHOVEN CLUB

To further interest in music, and to keep together those who have contributed most to the orchestra and band, the Beethoven Club was organized. To belong to this club it is necessary to have been a member of the orchestra or band for at least two years and to have a scholastic record with an average of "C." This is an honorary club which attempts to recognize the leaders in the musical life of the school.

The club will meet regularly during the year, and although it is in its infancy, we expect much of it. At Homecoming each member of the club will be presented with a gold pin.

Wendell Margrave will be the president for the coming year. The other officers are to be elected this fall.

Directory of all Department Heads

Below is a list of the different departments, the department heads, the location of the rooms, and the corresponding room numbers.

English—Miss Bowyer, third floor, Main Bldg., Room 26.
Education—Dean Wham, second floor, Main Bldg., Room 12.
Language—Mr. Pierce, second floor, Main Bldg., Room 11.
Geography—Mr. C. Iyer, second floor, Main Bldg., Room 14.
History—Mr. Holt, second floor, Main Bldg., Room 17.
Mathematics—Mr. Felts, third floor, Main Bldg., Room 21.
Chemistry—Mr. Browne, first floor, Science Bldg., Room 29.
Physics and Astronomy—Mr. Boomer, second floor, Science Bldg., Room 33.
Biology—Mr. Bailey, first floor, Science Bldg., Room 27.
Agriculture—Mr. Muckelroy, first floor, Main Bldg., Room 6.
Household Arts—Miss Jones, first floor, Main Bldg., Room 3.
Art—Miss Williams, second floor, Main Bldg., Room 18.
Manual Arts—Mr. Petersen, second floor, Science Bldg., Room 32.
Commercial—Mr. Bryant, third floor, Main Bldg., Room 40.
Music—Mr. McIntosh, Auditorium.
Physical Ed. (Boys)—Mr. McAndrew, first floor, New Gym.
Physical Ed. (Girls)—Miss Etheridge, first floor, New Gym.
High School Practice Teaching Director—Mr. Warren, third floor, Main Bldg.
Supt. of Allyn Bldg.—Mr. Furr, second floor, Allyn Bldg.

DUNBAR SOCIETY

The Dunbar Society, a society which has been in existence since 1925, has for its purpose the development of the intellectual, social and athletic ability of its members. Membership is limited to the colored students.

CHEMISTRY AND MANUAL ARTS BUILDING TO BE SPLENDIDLY FURNISHED (Continued from Page One.)

Students working at the same desk any longer. The best and largest recitation rooms on the campus will be in this building. One of these large class rooms is to be furnished with amphitheatre seats. In this demonstration room a skillful teacher will teach practice classes.

Four new courses in Chemistry are to be added with the completion of the new building: Advanced Quantitative Chemistry, Advanced Organic Chemistry, Physical Chemistry, and History of Chemistry. With the addition of these courses a student may take four years of Chemistry in this school.

The greater part of the ground floor is to be used by the Manual Arts Department. Mr. Petersen, head of the department, has the two rooms in the west wing for his work. The northeast room of the east wing of the same floor is to be used by Strut and Fret.

The third floor of the building is to be the home of the two literary societies and the two Christian associations. These rooms are to be set apart for the religious work, one for the Y. W. C. A., one for the Y. M. C. A., and the third for the use of both in joint assembly. While these are set apart for the Christian associations, they may be used by any religious organizations so long as there are no conflicts.

ACACIA CLUB

The Acacia Club is a fellowship organization composed of faculty members and students who are Master Masons. The club was organized in 1922. It holds meetings at very irregular intervals since it is not an organized activity within the school. The purposes of the club are chiefly social.

Information For Renting Rooms

RULES FOR HOUSEHOLDERS AND STUDENTS RENTING ROOMS

The student's success depends largely upon the conditions at his boarding and rooming place. Below is a list of the conditions as applied to rooming places which meet the approval of the faculty:

I. All rooms on the approved list must meet the following requirements:

1. The householder furnishing rooms to students should rent exclusively to men or exclusively to women. This applies to all persons whether students or not. Married couples, however, may be received into houses renting to either men or women.

A student working for board and room is considered a member of the householder's family and his or her presence need not exclude students of the opposite sex. The householder is responsible for the conduct of such student.

2. The householder furnishing rooms to women should provide a suitable reception room, not used as a sleeping room, in which callers may be received at reasonable times. Where there are more than six students a separate room should be provided from that which the family uses as its living room.

3. The number of students in one room should be limited to two unless the room is unusually large and special arrangement has been made with the school.

4. The following standard should be maintained by the householder:

Cleanliness:
Premises hygienically clean.
Bedding—two clean sheets weekly for double beds; at least one for single beds. Other bedding clean and adequate.

Sanitary water supply.
Ventilation adequate.

Heating adequate—temperature at 68 degrees until 10:30 o'clock p. m.

Lighting adequate.

Bathroom facilities adequate—students may not room in houses in which there is only one bathroom for more than ten persons including members of the householder's family. Privilege of at least two warm baths a week; warm water in smaller amounts to be available at any time up to 10 o'clock p. m.

Strictly moral conditions. Householder should not leave the house for any considerable length of time (not more than one day at any one time and not over night) without leaving some responsible person in charge of the house.

5. All rooms should be kept open inspection by the housing committee.

6. The householder should maintain quietness in the house after 7:00 each evening (except Friday and Saturday). The house should be closed for the night by the householder personally at 10:30 on week nights and Sunday at 11 o'clock on Friday and Saturday nights. This does not mean that lights shall be turned out.

7. The householder should report to the school by the end of the first day any illness in the house.

8. The householder should report to the President of the school anything that is likely to injure the health of a student, to interfere with the success of his work or bring discredit in any way to the student, to the house or the school.

II. Non-resident students, renting rooms in rooming houses, must comply with the following:

1. To take care of furniture and fixtures and to repair any damage to property beyond that of ordinary

wear.

To avoid unnecessary use of water, lights, etc.; to be willing to pay for the privilege of washing, pressing, using the sewing machine or for other special privileges.

2. To preserve quiet during study hours after 7:30 p. m. on Sunday, Monday, Tuesday, Wednesday, and Thursday nights.

3. To notify the householder if expecting to be out later than 10:30 or if leaving town. In the latter case the student's address to be left with the householder.

4. To cooperate with the householder in keeping the house quiet and orderly and the rooms neat and clean.

5. To be willing to pay a reasonable price for the privilege of entertaining guests over night.

6. To report to the President of the school anything which interferes with the success of school work or anything which may bring discredit to the student, the house or the school.

7. To make no change of rooms within the term without the consent of the housing committee. If such consent be granted for any reason other than violation by the householder of any point here listed, student will either pay householder three-fourths of the rent for the remainder of the term or supply another roomer to fill the place.

8. Students who contemplate entering Sorority or Fraternity houses or Anthony Hall or taking a Place to earn board and room before the end of the term must notify the householder of this intention at the time of engaging room and have three written copies of statements to this effect, signed by both parties; one copy to be held by each of the parties and one to be deposited with the chairman of the housing committee. A list of places where students may make this arrangement may be secured from the housing committee; also a form for such agreement. Students are urged to consult the housing committee before engaging rooms.

III. If a member of the housing

committee has not been consulted in engaging rooms the committee will feel under no obligation to adjust any difficulty which may arise. It is to the advantage of both student and householder to observe the point. It is also to the advantage of both to observe all regulations. Repeated offences on the part of the householder will make it necessary for the committee to advise students against engaging rooms at that house. Repeated offences on the part of students will require severe disciplining.

IV. The school will cooperate with householders and students renting rooms by:

1. Helping in every way to see that the above requirements are faithfully met.

2. Helping to make adjustments in cases of trouble arising from abnormal conduct on the part of either student or householder.

3. Recommending to students those houses which best meet these requirements.

4. Giving immediate attention to reports of illness or complaints of any kind. The school physician may be consulted for advice in case of illness and in case of contagious disease arrangements for isolation will be made.

Signed: E. G. LENTZ,
Chairman of Housing Committee.

SOUTH SIDE CLUB

Sixteen years ago the faculty members living on the south side of town organized a club called the South Side Club. Since its organization, the club has met regularly, during the winter, at the homes of the different members. Mrs. L. C. Petersen is president at present.

The members gather at one another's home for an evening of literary recreation. Although the program is optional with the program committee, a book review is generally given, with a round table discussion afterwards.

Of course refreshments, with the friendly social hour afterwards, are never forgotten.

**Miss Kelsey New Dean
Of Women This Year**

Miss Lucy K. Woody, Dean of Women and member of the household arts department, has been granted a leave of absence to work on her master's degree at Columbia University.

During Miss Woody's absence Miss Alice B. Kelsey of the mathematics department will act as Dean of Women.

As head of the Dormitory for the past two years Miss Kelsey has had much experience which will help her to take Miss Woody's place. As the Dean of Women she will automatically become a member of the Student Council, the Social Committee and the Housing Committee; she will also oversee the Student Loan Fund and the Women's League.

STUDENT COUNCIL

The Student Council is an organization composed of eight faculty representatives and eight student representatives, two from each college. The faculty members are appointed by President Shryock and the student members are elected by their respective classes. Dean Wham is chairman of the Council.

The purpose of the Council, in particular, is to furnish a means whereby the students of the school, through their representatives, can make their wishes known to the president and faculty; in general to promote the welfare of the school through helping

W. A. A. FIRST ORGANIZED AT S. I. N. U. IN 1921

For the girls who are interested in athletics the Woman's Athletic Association promises much. It was organized in 1921. Briefly stated the object of this association is to promote the health interests of the girls of the S. I. N. U. by means of:

(a) Encouragement of health habits.

(b) Promotion of interest and participation in all forms of physical activities which make for health and sportmanship.

This is not an association just for those already interested in athletics, but rather it is to promote the interest of every one. The requirements for membership are slight for this reason. Attendance at the S. I. N. U. for one term, with an average of "C," and dues of 25c a term are requirements which are easily met.

Since space will not allow a full description, come to our first meeting in the new gymnasium and become acquainted with the W. A. A. Regular meetings will be held on the second and fourth Wednesdays of each month.

to disseminate sentiments, purposes, and plans.

As soon as the school is under way in the Fall Term, the chairman will ask the classes to elect representatives, after which the Council will be duly organized and made ready for its work.

CHURCH DIRECTORY

The churches of Carbonale extend a cordial invitation to all Normal students to attend their services in the worship of God. The program of Sunday services is practically the same in all churches:

Sunday School, 9:45 a. m.

Church, 10:45 a. m.

Young People's Meeting, 6:30 p. m.

Evening worship, 7:30 p. m.

Reverend S. J. Burgess is pastor of the Christian Church, which is located at the corner of Normal avenue and Monroe street. The Young Women's Class is taught by Dr. Delia Caldwell, and the Young Men's Class by Prof. W. M. Bailey.

The pastor of the Presbyterian Church, Reverend H. J. Sarkiss, left recently to work on his doctor's degree. Of special interest to Normal students is the Young Women's Class taught by Miss C. Marshall and the Young Men's Class taught by Prof. S. E. Boomer. The Presbyterian Church is located at the corner of Normal avenue and Elm street.

Dr. W. P. MacVey is pastor of the Methodist Episcopal Church, which is located on Main street between Normal and Illinois avenues. Mr. W. P. McAllister teaches the Young Women's Class and Prof. R. E. Muckelroy the Young Men's Class.

Reverend E. W. Reeder is pastor of the Missionary Baptist Church, which is located at the corner of Normal avenue and Walnut street. This church maintains two strictly student classes—the Girls' Class taught by Mrs. J. M. Etherton and the Boys' Class taught by Prof. Raymond Hoffer. The Missionary Baptist Church conducts prayer meeting every school day from 12:50 p. m. to 1:10 p. m. in the Socratic Hall over the library.

The First Baptist Church is located at the corner of Normal avenue and Main street. Dr. J. S. Ebersole is pastor of this church. The First Baptist has a student secretary, Evangeline Wilcox, who teaches the College Women's Class. Professor E. G. Lentz teaches the Young Men's College Class.

SCIENCE CLUB

As its name indicates, the Science Club is an organization of the school for the promotion of sciences. It was organized several years ago through the efforts of Mr. Colyer, who has since been one of its most ardent supporters. It is affiliated with the Illinois Academy of Science and profits much from such an affiliation. The Science Club is planning great

things for the coming school year. This year it will be under the direction of Dr. Caldwell, whose long record of public service is a splendid recommendation for the position.

The meetings of the club are held in the Science Building once each month—usually Wednesday at Chapel period. However, the program and time and place of meeting are always announced several days before. Membership is open to everyone. There are no fees, and the programs are always interesting and instructive.
